Vancouver, B.C. – (May 14, 2015) Global Remote Technologies Ltd. (“**Global Remote Technologies**”) (CSE:RGT) is pleased to announce that it has received approval to list its Common Shares for trading on the Canadian Securities Exchange (“**CSE**”) and that its Common Shares have commenced trading as of the opening of market today, May 14, 2015, under the trading symbol “RGT”.

About Global Remote Technologies

Global Remote Technologies focuses on the deployment of emerging technologies for the energy sector. The company has licensed multiple patent pending tools for the oil and gas industry, which are currently being assembled for release in later 2015. Using its advanced engineering and leadership experience, Global Remote Technologies brings cutting edge processes and technology to the oil patch. Its remote sensor packages transmit telemetry from drilling and production sites in real time to a central server where it is viewed in the cloud. The systems are designed to provide key personnel an early warning system to avoid equipment failures or costly compliance fines. Global Remote Technologies collects and communicates vital information on the status of equipment, tanks, and pipelines for exploration, production, and transmission of oil, gas and water. The company is headquartered in Vancouver, BC, with offices in Denver, Colorado and Houston, Texas.
