## **GLOBAL REMOTE TECHNOLOGIES CLOSES UNIT PRIVATE PLACEMENT**

**Vancouver, B.C. – (July 3, 2015) Global Remote Technologies Ltd. (“Global” or “the Company”)** (CSE:RGT) is pleased to announce that it has closed a private placement of 1,256,600 units (the “Units”) at a price of \$0.10 per Unit (the “Private Placement”) for aggregate gross proceeds of \$125,660 (USD\$ 100,000). The proceeds will be used for general working capital purposes. The Private Placement, announced on June 30, 2015, had a maximum offering of 1,250,000 Units. The final number of Units issued on the closing of the Private Placement included an over-allotment of 6,600 Units due to foreign currency exchange.

Each Unit is comprised of one common share (each a “Share”) and one common share purchase warrant (each a “Warrant”). Each Warrant entitles the holder to acquire one Share at a price of \$0.24 per Share for a period of two years from the date of issuance.

All securities issued under the Private Placement are subject to a four-month hold period.

### **About Global Remote Technologies**

Global Remote Technologies focuses on the deployment of emerging technologies for the energy sector. The company has licensed multiple patent pending tools for the oil and gas industry, which are currently being assembled for release in later 2015. Using its advanced engineering and leadership experience, the Company brings cutting edge processes and technology to the oil patch. Its remote sensor packages transmit telemetry from drilling and production sites in real time to a central server where it is viewed in the cloud. The systems are designed to provide key personnel an early warning system to avoid equipment failures or costly compliance fines. Global Remote Technologies collects and communicates vital information on the status of equipment, tanks, and pipelines for exploration, production, and transmission of oil, gas and water. The company is headquartered in Vancouver, BC, with offices in Denver, Colorado and Houston, Texas.
